

North Tahoe Fire Protection District

A Career Opportunity

Entry-Level Firefighter/Paramedic

\$90,507.30-98,969.00 DOQ
(Final Filing Date 06/25/2022)

North Tahoe Fire Protection, located on the north and west shores of Lake Tahoe, is seeking highly motivated, experienced, and visionary fire service professionals to serve in the position of Entry-Level Firefighter/Paramedic.

North Tahoe Fire Protection District
222 Fairway Drive
PO Box 5879
Tahoe City, CA 96145
(530) 583-6911

"Serving the fire and life safety needs of our community"

About the District

North Tahoe Fire Protection District was formed in 1993, following the consolidation of the Tahoe City Fire Protection District (Tahoe City, CA) and the North Tahoe Fire Protection District (Kings Beach, CA).

Currently, the District's 65 personnel support our mission: *The North Tahoe Fire Protection District provides the highest possible level of fire and life safety, rescue and emergency medical service, fire prevention, and public education to the citizens and visitors of the communities we serve.* Our communities are situated on 32 square miles on the north and west shores of Lake Tahoe.

This map helps illustrate the size of the District. North Tahoe Fire District boundaries are in the red and Meeks Bay Fire is in the yellow.

North Tahoe Fire Protection District has six fire stations within the District, located in Alpine Meadows, Tahoe City, Homewood, Dollar Hill, Carnelian Bay, and Kings Beach, and through an agreement with Meeks Bay Fire Protection District, two additional stations located in Meeks Bay and Tahoma. These stations are staffed by 51 uniformed personnel for nearly 15,000 residents within the area we serve.

The varied demographics of the District provide opportunities for its personnel to respond to emergencies in rural, suburban, and urban settings. The wide diversity of emergency incidents requires firefighters to be proficient in wildland fire fighting, structural firefighting, backcountry/technical rescue, swift water rescue, hazardous materials mitigation, and emergency medical services.

About The Positions

The North Tahoe Fire Protection District is currently accepting applications for current and future job openings from qualified individuals for the position of Entry-Level Firefighter/Paramedic. The eligibility list established from this recruitment will be used to fill current and future vacancies.

Successful applicants shall provide the highest possible level of fire, rescue, and pre-hospital emergency medical services as part of a firefighting/emergency services team. Position functional requirements: lay hose and direct fire streams, set ladders, ventilate buildings, provide salvage/overhaul, use hand and power tools; engage in wildland and urban interface firefighting; provide advanced life support emergency medical services; provide public education; assists in defensible space and prescribed burning programs; performs routine maintenance of station, apparatus, and equipment; assist in fire inspections, investigations, prevention, and pre-planning activities; participate in drills and training activities, and perform other related duties.

The applicant must maintain the physical endurance, muscular strength, and agility to satisfactorily perform the essential functions of a firefighter, specifically including but not limited to stooping, lifting and/or carrying heavy objects, running, crawling, walking on uneven surfaces, working safely in or adjacent to moving water, climbing ladders, pulling heavy hoses, and wearing and carrying heavy equipment.
